

Captioning Video: Shortcuts

- When creating our own videos, we should integrate captions. Youtube.com makes it very easy!!!! If you have a Gmail account = you have a youtube.com account.

1

Upload

2

Public

Unlisted

Private

3

CC

4

Transcribe and sync

Upload a file

Concerned about making your video public? Select "Unlisted." Can still embed into ePortfolio, but no one else can see it unless you send a specific link.

Once uploaded – select "CC" to add captions.

Can type in captions or upload a script.
