Appendix B: Crime Statistics 29

Overview

The United States federal government, through the Clery Act, mandates the disclosure of certain crime statistics so that Otis College of Art and Design students, employees, and families can be educated about implemented safety and security measures and relevant crime statistics from January to December of 2025.

Please be aware that these are statistics for the most severe forms of crime. Students, faculty, and staff should always be vigilant about their personal safety and take care of their personal possessions. All reported campus crime statistics received through the "Otis Incident/Injury Report System" (crime figures) can be accessed by contacting Patrick Burke, Chief Safety and Security Officer at campussafety@otis.edu or by visiting the daily crime log https://www.otis.edu/campus-safety/crime-fire-log.

Preparation of Annual Security and Fire Report

The preparation of the College's annual security report is a continual process. The Clery Compliance team makes every effort to ensure that the report is complete and accurate. The annual crime statistics report, included in the appendix section, details reported crime figures for the Goldsmith Campus and is provided in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The crime statistics report includes metrics for the previous three years on reportable crimes that occurred on campus, in on-campus housing, in certain off-campus buildings where Otis College oversees student housing leases, and on public property.

The annual crime statistics report is primarily sourced from documented incident reports, student conduct incidents and investigations, and pertaining disciplinary referrals towards members of the student body, altogether summarized and submitted by the Dean of Student Affairs, with additional statistics supplied by the Director of Campus Safety & Security, who oversees campus safety and security.

The crime statistics report is prepared in cooperation with law enforcement agencies local to Otis College campus locations, where local crime statistics data is available. The crime statistics report is compiled by the Director of Campus Safety & Security, using data obtained from the Campus Security Authorities, and includes reportable crimes as identified in the Federal Bureau of Investigation's Uniform Crime Reporting Handbook (UCR), with additional categories added pursuant to the Violence Against Women Reauthorization Act of 2013. A summary sheet of Clery Act crime definitions is included in the appendix of the annual crime statistics report.

After collecting crime statistics from all sources, campus safety reconciles them with its own statistics to ensure that all offenses are counted and no incidents are counted twice. Upon verification of new or changed procedures and crime statistics, the report is prepared for publication and distributed in an online version. Upon completion of the annual security report, the crime statistics are submitted to the U.S. Department of Education.

To request an individual hard copy of the campus crime statistics, please contact campussafety@otis.edu.

Otis College Campus Safety and Security Department

Otis Campus Safety Officers patrol the campus 24 hours a day and are stationed in the main Campus Safety office located on the 1st floor Academic Wing of the Goldsmith Campus. Additional contract security officers augment the campus safety department and are stationed, after hours, in the Ahmanson and Galef building on the Goldsmith campus. The officers make regularly scheduled walks of the building(s) and campus perimeter. Please contact the main Campus Safety and Security office immediately at 310-665-6965 if you need assistance. If you need the Los Angeles Police Department or paramedic assistance, dial 9-1-1. Emergency blue phones are located on the perimeter of the campus and in the parking structure near the elevators.

The department currently consists of both an in-house Otis Security team and a third-party security team, staffed by Allied Universal Services Security. The department uses a variety of crime suppression and prevention methods, including vehicle patrols. The department monitors video surveillance, fire alarms, intrusion alarms, card access systems, panic alarms, and blue-light emergency phones, which are located throughout the campus.

Campus Safety Officers receive training in criminal law, patrol procedures, mental health first aid, Narcan training, CPR, First Aid, and the use of Automatic External Defibrillators (AED).

Reporting of Crime to Law Enforcement and Campus Safety

The College encourages anyone who witnesses or is a victim of a criminal offense to report it to Campus Safety and/or local law enforcement.

Security Authority and Jurisdiction

Otis College of Art and Design Campus Safety & Security Officers have the authority to ask persons for identification and to determine whether individuals have lawful business at Otis College. Otis College Campus Safety & Security Officers have the authority to issue parking tickets. Campus Safety & Security Officers do not possess police arrest powers but may make private persons' arrests pursuant to the California Penal Code of any and all persons creating disturbances against the general peace, interfering with the security of campus facilities or grounds, or interfering with or disturbing the safety and general welfare of the college community. When such a citizen's arrest is necessary, the Campus Safety Department shall, as promptly as possible, notify the Los Angeles Police Department. Criminal incidents are referred to the Los Angeles Police Department, who have jurisdiction on the campus per a written Memorandum of Understanding (MOU). All crime victims and witnesses are strongly encouraged to immediately report the crime to an Otis Campus Safety Officer by phone at (310) 665-6965 or in person in the lobby of the main Campus Safety office, 1st Floor of Academic Building, Room 170, and to the local police agency by calling 911. Prompt reporting will assure timely warning notices on campus.

Reports need to be completed by students or employees who are victims or witnesses to the following situations: Assault, Theft, Harassment, Property Damage, Injury, Car Damage, Vandalism, or other injury, accident, or crime of a similar nature.

Monitoring and Recording of Criminal Activity

The Campus Safety Department and representatives from the Los Angeles Police Department, Los Angeles City Attorney's Office, and other local law enforcement and security agencies communicate with each other to address problems and crime trends in order to devise strategies and tactics to solve problems, reduce crime, and improve quality of life in the surrounding college community. These agencies rely in part on COMPSTAT, a multilayered, dynamic approach used for crime reduction, quality-of-life improvement, and personnel and resource management. COMPSTAT uses geographic information systems to map crime, identify problem areas, and assist in deploying resources where they are needed. Per the MOU, LAPD has agreed to share information regarding criminal activity that impacts the college community. The college currently has approximately 60 apartment leases across from the campus in Park West, where 187 students are housed under the oversight of our Residence Life and Housing office.

Additionally, each year, the Campus Safety Department pulls statistics from the crime mapping website on the number of criminal offenses that have not been reported to Campus Safety but occurred on Otis College-controlled property or in the peripheral area around the College. The College does not have any off-campus student organizations or off-campus buildings in or around Los Angeles.

Crime Prevention and Personal Safety

Otis College is very proactive in educating the campus community and empowering them to take precautionary safety measures to keep the campus safe. The College offers a number of events and programs aimed at raising knowledge and awareness regarding personal security on and off campus, as well as practices to encourage responsibility for personal and community safety. Topics on general safety, campus security, and how to report an incident are discussed every semester during student orientation meetings. Relevant personal safety information is also routinely reviewed each semester by students participating in the Residence Life and Housing Program at Otis College. Otis College Residence Life policies and protocols, as well as familiarization with campus security measures, are presented each semester as part of the New Student Orientation.

Personal Safety Training - During the fall semester, the Campus Safety Department conducts workshops on the topics of fire safety, emergency preparedness, evacuation procedures and active shooter response.

Blue Light Emergency Phones - Emergency blue phones are located on the perimeter of the campus and inside of the parking structure near the elevators. Push the button on any blue light phone for direct line to help.

LiveSafe App - Designed specifically for the college environment. This app allows students to access many resources, report anonymous tips as well as signal emergencies. The LiveSafe app works anywhere the student is located to give them access to their specific needs. It allows for them to let Campus Safety and Security know of concerns they have or give tips of issues that may need assistance. It also allows for Campus Safety to know the student's location to better assist them with safety walks.

CARE Team - The goal of the Campus Assessment Response and Evaluation Team (CARE) is to create a network of care and support for students with concerns that emphasize early intervention and academic success for students dealing with difficulties and to connect those students with the appropriate resources. Concerned about a student? Complete the following CARE Referral **https://cm.maxient.com/reportingform.php?OtisCollege&layout_id=3**

Either the Dean or Vice President of Student Affairs should be notified immediately whenever a student is a victim of an injury, theft, or vandalism incident (either on or off-campus). It is critical that an incident report be filed with the Division of Student Affairs to ensure sufficient documentation of the circumstances and allow for a complete incident investigation and follow-up.

An online Incident Report is available at all times to report injury/incident/concern regarding a student at: **https://www.otis.edu/life-otis/campus-safety/emergencies-incidents/incident-reports.html**

For incidents involving a College employee: **http://www.otis.edu/forms/faculty-staff/incident-report.**

Campus Security Authorities (CSAs)

The Clery Act requires the College to disclose statistics concerning the occurrence of certain crimes that both occur within the college's Clery geography and that are reported to campus security authorities (CSAs). Under the law, CSAs include any member of the Campus Safety & Security Department; any individual who has the responsibility for campus security, but who is not a member of the department; any individual identified by the College as someone to whom a crime should be reported; and any College official who has significant responsibility for student and campus activities. Individuals designated as CSAs, or those with these job functions, receive annual training on mandatory reporting obligations.

Examples of the College's CSAs include, but are not limited to, the following:

- Otis Campus Safety & Security personnel;
- Contract security staff (e.g., Allied Universal Services);
- Dean of Student Affairs;
- Vice President of Student Affairs;
- Deputy Title IX Coordinator;
- Title IX Coordinator;
- Residence Life and Housing Staff;
- Director of Student Engagement and Leadership;
- Assistant Dean of Community Engagement and Belonging;
- Any staff/faculty having oversight of student programs/organizations/services

A designated CSA is not required to disclose to the Campus Safety & Security Department confidential information concerning an incident, such as information that would identify a victim of a crime who wishes to remain confidential. The incident may be reported anonymously in order to be included in the College's Annual Security Report by submitting a report at https://otiscollege.formstack.com/forms/student_incident_injury_misconduct_concern

Certain individuals who have significant responsibility for student and campus activities are exempted from disclosing information:

Clergy Privilege: A person who is associated with a church, religious organization or denomination, is recognized by that church, religious organization or denomination as someone who provides confidential communications, and is functioning within the scope of that recognition as a clergy role and under the discipline or tenets of his or her church, religious organization or denomination has a duty to keep those communications secret.

Counselors/Psychotherapists: A person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification. This definition applies even to professional counselors who are not employees of the institution but are under contract to provide counseling services there.

To be exempt from disclosing reported offenses, clergy members or psychotherapists must be acting in their roles as clergy members or professional counselors. This means that a Dean of Student Affairs who has a professional counselor's license but is employed by the institution only as a Dean and not as a counselor is not exempt from reporting.

MOU Between the Student Health and Wellness Center and the Division of Student Affairs

A memorandum of understanding has been created between the Student Health and Wellness Center and the College stating that the Director of Student Health and Wellness/Director of Counseling Services or designee(s) will refer students to the Dean of Student Affairs and/or the local police if a client reports a crime and/or is a victim of a crime. In addition, the Director of Student Health and Wellness, the Director of Counseling Services, or designee(s) will provide students with the option to sign a release form that gives permission for the Student Health and Wellness Center to speak with the Dean or Vice President of Student Affairs. The memorandum of understanding is on record in Student Affairs and Student Health and Wellness. The counselor/medical provider, when they deem it appropriate, will inform the persons that they may voluntarily and confidentially be included in the annual security report.

Confidentiality and Reporting Sexual Misconduct

College officials, depending on their roles, have varying reporting responsibilities and abilities to maintain confidentiality. Campus Security Authorities (CSAs) are individuals designated by the Clery Act to receive reports of criminal incidents in Clery geography. CSAs complete an online report that is automatically emailed to the designated Clery Compliance coordinator and copied to the Title IX Coordinator when the crime involves a sexual assault or discrimination against a protected class. In most cases, employees designated as CSAs are also considered "Responsible Employees" under Title IX.

Responsible Employees must immediately report all known information about suspected prohibited conduct to the Title IX Coordinator. This includes the names of the parties and known details of the conduct. This duty applies no matter how the information is learned; whether from direct report from an affected party, from social media, or from a concerned third party. Failure by a Responsible Employee to make a timely report of prohibited conduct may result in discipline, up to and including removal from their position.

To make informed choices, one should be aware of confidentiality and mandatory reporting requirements when consulting campus resources. On campus, some resources may maintain confidentiality, offering options and advice without any obligation to inform an outside agency or individual, unless you have requested that information be shared. Other resources exist for you to report crimes and policy violations, and these resources will take action when you report victimization to them. Most resources on campus fall somewhere in the middle of these two extremes; neither the college nor the law requires them to divulge private information shared with them, except in rare circumstances. The following describes the three reporting options at Otis College:

Confidential Reporting

If you would like the details of an incident to be kept confidential, students may speak with Counseling and Psychological Services (CAPS) on campus, off-campus counselors, or rape crisis resources, or off-campus clergy/chaplains who will maintain confidentiality. Campus counselors are available to all students as a part of their health fee, free of charge, and can be seen on an emergency basis for crisis appointments during normal business hours.

Private Reporting

Students may seek advice from certain resources that are still required to report formally, but will not share any private, personally identifiable information with anyone else. Private reporting is not confidential and will still follow all mandated reporting procedures, but will do so in a way that protects everyone's privacy. These resources/staff include employees who have perceived responsibility or authority to address sexual misconduct, Resident Assistants (RAs), faculty members, advisors to student organizations, career services staff, admissions officers, student affairs personnel, and many others. If you are unsure of someone's duties and ability to maintain your confidentiality, ask them before you talk to them. They will be able to tell you and help you decide who can best help you. Some of these resources, such as RAs, are instructed to share incident reports with their supervisors, but they do not share any personally identifiable information about your report unless you give permission, except in the rare event that the incident reveals a need to protect you or other members of the community. If your personally identifiable information is shared, it will be shared with as few people as possible, and all efforts will be made to protect your privacy to the greatest extent.

Formal Reporting Options

Students and employees are encouraged to speak to College officials, such as the Title IX Coordinator, Dean of Student Affairs, Vice President of Student Affairs, and Campus Security, to make formal reports of incidents of sexual misconduct. Individuals have the right, and can expect, to have incidents of sexual misconduct taken seriously by the college when formally reported, and to have those incidents investigated and properly resolved through administrative procedures. Formal reporting still affords the reporter privacy, and only a small group of officials who need to know will be told. Information will be shared as necessary with investigators, witnesses, and the responding party. The circle of people with this knowledge will be kept as tight as possible to preserve individual rights and privacy.

General Campus Access

To meet program needs and accommodate work schedules, degree students may access the Goldsmith Campus facilities 24 hours a day, commencing on the first day of classes and ending on the last scheduled day of class/critique, except during holiday periods. The campus perimeter and some building entrances use electronic keycard access systems.

Any person who fails to comply with access policies will forfeit the right to 24-hour access and will not be permitted on campus from 10:00 pm to 7:00 am.

Residence Access

College-owned residence halls use an electronic card-key access system that limits entry to residents and other users authorized by the College. Campus Safety and Facilities Management Services personnel are granted access to residential facilities when they are called for service-related reasons. Entrances to residential housing and fire exit doors are equipped with alarms that sound if the door is propped open for more than one minute. Campus Safety personnel respond to such alarms to determine the cause of activation and to take action, where appropriate, to protect the well-being and safety of Otis College's campus community. One full-time residence life staff member lives in the Residence Hall as a part of their on-call responsibilities.

Affiliated Apartment Housing Access

College-affiliated apartment housing in Park West is locked to the public at all times. Campus Safety and Security can access Park West apartments upon request from someone in Residence Life and Housing. The parking garage located in Park West uses an electronic key fob system for access. Two full-time residence life staff live at Park West as a part of their on-call responsibilities.

Security Considerations in Facilities Maintenance

Facilities Management Services (FMS) responds to work orders for all campus facilities for necessary safety and security-related repairs. To request service for an electrical, plumbing, or other maintenance-related problem, create a work order by emailing facilitiesmanagement@otis.edu

Drug Free Schools Act

Drug-Free Workplace

Otis College is a drug-free environment, and the College will not tolerate the manufacture, distribution, dispensation, sale, purchase, possession, offer to sell, and/or use of any illegal drugs (as defined by the statutes of the state of California) in any Otis College facility or at any Otis College function. Any student found to have violated this policy will be subject to arrest and disciplinary action in accordance with the Code of Student Conduct Policy.

Alcohol Use – Student Policy

Except as otherwise provided in this policy, students are not allowed to possess or consume alcohol while in any Otis College campus facility or on the College grounds, off-campus housing program, or travel study programs, nor are students allowed to possess or consume alcohol at official Otis College-sponsored events off campus. Violators are subject to the provisions set forth in the Code of Student Conduct.

Alcohol is permitted on campus and at Otis-sponsored events off campus only in connection with special events sponsored by Institutional Advancement, the Provost's Office, and the Graduate Programs. At these special events, alcohol may be served only by a bonded bartender. All students in attendance must abide by local, state, and federal regulations related to the possession and consumption of alcohol. California law prohibits the consumption of alcoholic beverages by persons under the age of 21. Underage drinking and public intoxication are unacceptable, and those who violate these standards will be subject to disciplinary action.

Programs and Areas where Alcohol and Other Drug Education Occurs

The College has a variety of programs to prevent the illicit use of drugs and the abuse of alcohol by students, faculty, and employees. New Student Orientation (O-Week) features programs related to drug use and abuse, including the dissemination of informal materials, educational programs, counseling services, referrals, and college disciplinary actions. Additionally, each semester, all students receive these policies and reporting information via email from Student Affairs and are responsible for understanding and complying with them.

Alcohol and other drug awareness education programs are ongoing components of the Employee Assistance Program, CAPS, Residence Life and Housing, Student Health and Wellness, Human Resource Wellness Programming, and Campus Activities Board events and programs.

College Disciplinary Actions

A violation of any law regarding alcohol and other drug use or possession is a violation of the College's Code of Student Conduct and a violation of state and federal law. Otis College shall conduct Student Conduct Review as outlined in the student handbook and Human Resources employee review as applicable in response to discovered violations. The Code of Student Conduct can be accessed here: **https://www.otis.edu/life-otis/student-support-services/student-affairs/handbook/code-student-conduct/index.html**

Biennial Review

Pursuant to amendments in the Higher Education Opportunity Act (HEOA), any biennial review must include a determination of the number of drug and alcohol-related violations and fatalities that occur on the institution's campus or as part of the institution's activities and the number and type of sanctions imposed by the institution as a result of drug and alcohol-related violations and fatalities that occur on the institution's campus or as part of the institution's activities. Our recent biennial review can be accessed here: **https://www.otis.edu/life-otis/campus-safety/drug-free-schools-act.html**

Campus is defined in the same manner as it is defined for campus safety reporting purposes, i.e., any building or property owned or controlled by the institution within a reasonably contiguous geographic area used in direct support of the institution's educational purposes or used by students and supporting institutional purposes. Per the Higher Education Center for Alcohol and Other Drug Abuse, practice has been that campuses conduct a biennial review by the end of each even-numbered calendar year. The school should keep the biennial review on file in case of a possible audit. Schools are not required to send their review to the Department of Education. Follow this link to access the biennial review.

Megan's Law and Sex Offender Registrant Information

In accordance with the "Campus Sex Crimes Prevention Act" of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act, and the Family Educational Rights and Privacy Act of 1974, Otis College of Art and Design is providing a link to the California State Sex Offender Registry. All sex offenders are required to register in the State of California and to provide notice of each institution of higher education in California at which the person is employed, carries on a vocation, or is a student. **http://meganslaw.ca.gov/**

In addition to the above notice to the State of California, all sex offenders are required to deliver written notice of their status as a sex offender to the College's Dean of Student Affairs no later than three (3) business days prior to their enrollment in the College. Such notification may be disseminated by the College to, and for the safety and well-being of, the Otis community, and may be considered by the College for enrollment and discipline purposes.

Timely Warnings and Emergency Notification

The Clery Act requires colleges to issue a “timely warning” to the campus community regarding any Clery Act crime that is reported to campus security authorities (or local law enforcement, if they notify the College); occurs within the College’s Clery geography and patrol area; and is deemed to represent a serious or continuing threat to the college community.

Timely Warnings

In the event that a situation arises, either on or off-campus, that, in the judgment of the Director of Campus Safety and Security or Vice President of Administration & Business Operations, constitutes an ongoing or continuing threat, a campus-wide "timely warning" will be issued. The warning will be issued through the College alert system, Omnilert, via email and text messaging, to students, faculty, and staff. Anyone with information warranting a timely warning should contact the Otis College Campus Safety and Security by phone at (310) 665-6965 or in person in the office, located on the 1st floor of the Academic Building, Goldsmith Campus, Room 170.

Emergency Notification

Otis College of Art and Design has implemented an Otis Alert System, “Omnilert,” which will call and/or text message students, staff, and faculty in the event of an emergency on campus or in the surrounding area. The system can alert staff and students by taking over desktop computers and monitors in common spaces used for digital advertising.

Students - During registration each semester, students are prompted to enter contact information for the Otis Alert System, including their emergency notification and emergency contact numbers.

Staff and Faculty - All faculty and staff are asked to provide their emergency notification and emergency contact information upon hire. They are also asked to update their information at any time during the year as information changes and during the annual Open Enrollment period held each fall.

Otis College's notification system is hosted on the Omnilert platform and supported by a text messaging and email redundancy system, supplemented by an inbound callback tracking process. The emergency notification system is regularly tested and featured as part of the annual Great Shake-Out Earthquake drill and campus-wide evacuation practice.

Daily Crime/Fire Log

The Campus Safety & Security Department publishes its Daily Crime and Fire Log online. The log contains a brief summary of Clery crimes and fires reported to the College or the Office of Campus Safety and Security. The log is updated regularly. Reports received on the weekends or college holidays are recorded in the log on the next business day. The log may be accessed at: **https://www.otis.edu/life-otis/campus-safety/emergencies-incidents/crime-log.html**

Crime Alerts

The Campus Safety Department issues emails and on-campus flyers to notify the College community of crimes that have occurred on campus or in the vicinity of the College. These are information bulletins to increase situational awareness.

Missing Student Policy

In an effort to support the campus community and the students within the community, the College has adopted a 24-hour missing person's policy for residential students who reside in the Otis College's Residence Life and Housing Program. However, if a non-residential student is reported as missing, Otis College officials will research and investigate in response to a missing student report. Additionally, a student may be reported missing at any time if there were special circumstances that would require immediate police investigation.

Emergency Contact Information

During each open registration period, all students who intend to register for classes in any subsequent term will be given the opportunity to designate an emergency contact. Emergency contact information is used for situations deemed as emergencies, such as medical emergencies, physical injuries, and if the reported missing person is under 18 years of age and not legally emancipated. Residential students will also, annually, file an emergency contact form with the Residence Life and Housing Office. Within 24 hours of the College being notified that a student is missing, the student's designated contact, as determined by either of the aforementioned methods, will be contacted, if there is no designated Confidential Contact.

Confidential Contact

All enrolled students living on campus must designate a Confidential Contact during the housing application process. A confidential contact is separate from an emergency contact. It is suggested that students living off campus also designate a Confidential Contact. Students should update their personal information at the beginning of each academic year. Students are solely responsible for the accuracy of the information they provide and for updating it when needed.

A Confidential Contact is an individual whom the student prefers College officials contact if the student is determined to be missing for more than 24 hours. The information provided for the Confidential Contact is confidential and accessible only to authorized College officials. The contact information may not be disclosed to any party except to law enforcement personnel in furtherance of an official missing person investigation. The College suggests that students notify their Confidential Contacts that they have been designated as such.

Official Notification Procedure

Any member within or outside the Otis College community must notify the Division of Student Affairs by calling (310) 665-6960 of a missing student. The Division of Student Affairs, upon notification, will work with the Office of Residential Life and Housing to research and investigate the information, along with the Director of Safety and Security. The Office of Residence Life and Housing, when notified, will research and investigate the information. The Office will also request and/or gather any additional information needed from the reporting party.

The Office of Residence Life and Housing/Division of Student Affairs will attempt to contact the reported missing person by phone, in class, and/or by visiting the student's residence room/unit on campus. In the event that the reported missing student is not located or contacted (and it has been at least 24 hours or appears to have special circumstances), the Division of Student Affairs or the Office of Campus Safety & Security will contact the Los Angeles Police Department, Pacific Division, at (310) 482-6334 to report the student as missing.

The Dean of Student Affairs (or their designee), after notifying the police and no later than 24 hours after determining that a residential student is missing, will notify the missing student's emergency contact or confidential contact (for housing students). Notification may be made to more than one person, depending on the individual(s) the student has listed. After the Los Angeles Police Department is notified, they will lead the search in finding the student, and the missing student's emergency contact information will be forwarded to them. The Dean of Student Affairs (or designee) will remain in contact with the missing person's emergency contact to provide support.

Title IX and Sexual Harassment

Sexual Assault Support Services and Resources

Students who wish to discuss an incident of sexual misconduct in complete confidence should notify Counseling and Psychological Services within the Student Health and Wellness Center, or off-campus confidential resources. Please be aware that all Otis College employees, including professional staff, faculty, and certain student staff (such as resident assistants), have limited confidentiality and must report cases of sexual misconduct.

Important Time Frames

In the event of an assault, keep in mind the following time frames for emergency contraception, sexually transmitted infection (STI) testing, and evidence collection:

- Three days (up to 72 hours) from the incident for emergency contraception and some potential STI prevention.
- Four days (up to 96 hours) from the incident for evidence collection (available at hospital emergency departments or UCLA Health Rape Treatment Center in Santa Monica).

Retaliation Statement

Retaliation exists when an individual harasses, intimidates, or takes other adverse actions against a person because of the person's participation in an investigation of discrimination or sexual misconduct or their support of someone involved in an investigation of discrimination or sexual misconduct. Retaliatory actions include, but are not limited to, threats or actual violence against the person or their property, adverse educational or employment consequences, ridicule, intimidation, bullying, or ostracism. The College will impose sanctions on any faculty, student, or staff member found to be engaging in retaliation. Likewise, the College will not retaliate against anyone for filing a complaint made in good faith and will not knowingly permit retaliation by management, faculty, staff, or students.

Reporting Protections

The College expects that all community members will take reasonable action to stop or prevent an act of sexual misconduct, harassment, or discrimination. Such action may include intervening when safe to do so, requesting assistance from friends, contacting law enforcement, or a person in authority. Any community member who decides to exercise this moral obligation will be supported by the College and protected from retaliation. Retaliation against any person or group that makes a complaint, cooperates with an investigation, or participates in the grievance procedure is in violation of college policy. Retaliation should be reported immediately to the Title IX Coordinator for investigative purposes.

Responsible Employee

In accordance with Title IX guidelines and the Office of Civil Rights, a responsible employee is any employee: (1) Who has the authority to take action to redress sexual harassment/misconduct; (2) who has been given the duty of reporting incidents of sexual harassment/misconduct or any other misconduct by students to the Title IX coordinator or other appropriate designee; or (3) who a student reasonably believes has this authority or duty.

Different people on campus have different abilities to maintain confidentiality. Here at Otis College, only CAPS and the Employee Assistance Program can guarantee confidentiality. If a student comes to you, inform the student of your duties and your responsibility as a mandatory reporter. There are limits to confidentiality because you are obligated to report in instances of sexual misconduct. Additionally, if you suspect danger to yourself or someone else, or if there is a serious threat to the community, you are to seek someone with more authority to help. Be knowledgeable about the resources available at the College to assist students in making informed choices about who can best assist them.

Options about Law Enforcement Involvement

The College will assist complainants in reporting incidents of sexual assault, dating violence, domestic violence, or stalking to local law enforcement if the complainant desires to make a report to law enforcement. The complainant is not required to file a report with law enforcement.

Should a student or employee obtain a restraining order against another individual, the student or employee is encouraged to share that information with the Title IX Coordinator and/or Campus Safety and Security so the College can be prepared to assist in enforcing the restraining order.

Prevention of Sexual Assault, Harassment, Stalking, Domestic and Dating Violence

Otis College of Art and Design prohibits rape, acquaintance rape, stalking, dating violence, domestic violence, and sexual assault. Sexual assault is a violation of the College's Code of Conduct, Title IX, as well as a violation of the law. In an effort to reduce the risk of sexual assault occurring among its students, the College provides awareness and prevention programming. These outreach efforts are coordinated by the Title IX Coordinator with cooperation from the various areas within the Division of Student Affairs. For information, call (310) 665-6960.

Sexual Assault Prevention Online Education

All incoming new students are required to complete an online interactive education module known as RespectEDU for Undergraduates/Graduates, which addresses the critical issues of sexual assault, relationship violence, stalking, and sexual harassment among students. This online course is evidence-based and provides definitions, campus policies, and bystander intervention strategies, as well as campus and community resources surrounding these topics.

Denim Day

Each year, the College observes Denim Day and encourages all campus community members to wear jeans in solidarity against rape, sexual assault, and survivor-shaming. The event draws participants from the student body, faculty, and staff alike.

Tabling Events (Various)

Throughout the academic year, several groups and departments host tables with resources, giveaways, information, and other activities to raise awareness and reduce the risk of sexual assault. A comprehensive overview of personal safety tips and recommendations is also listed in the student, faculty, and staff handbooks, readily available for review.

Enforcement

If a student is accused of sexual assault, they are subject to disciplinary action in accordance with the stated in our Title IX Policy: **https://www.otis.edu/life-otis/student-support-services/student-affairs/handbook/title-ix/index.html**

A student who is found to have committed sexual assault on or off campus is subject to suspension or dismissal from Otis. To report an incident, contact the Title IX Coordinator (310) 846-2554 or Campus Safety & Security at (310) 665-6965. To complete a Title IX incident report, follow this link: **https://cm.maxient.com/reportingform.php?OtisCollege&layout_id=2**

Anyone with knowledge about a sexual assault is encouraged to report it immediately. Sexual assault and harassment prevention policy is being maintained and updated by the Title IX Coordinator. Victims of sexual assault are highly encouraged to seek assistance and support from Counseling and Psychological Services (CAPS).

Similarly, the student Code of Conduct is regularly updated to include procedures for campus disciplinary action, including sanctions the school may impose, and a statement that both the complainant and the respondent are entitled to the same opportunities to have others present during disciplinary proceedings, and both must be informed of the outcome of any disciplinary proceeding.

Any complaints or inquiries regarding sexual harassment of a student by an officer, faculty member, or staff member should be brought to the immediate attention of the Vice President of Human Resources and Development and reported to the Title IX Coordinator through the Title IX reporting form, or by contacting them directly by phone or email.

Any complaints or inquiries regarding sexual harassment of a student by another student should be brought to the immediate attention of the Title IX Coordinator. The College will investigate such claims promptly and thoroughly. If, for any reason, a student wishes to submit a complaint or inquire regarding sexual harassment but feels it would not be appropriate to raise such issues with the Vice President of Human Resources and Development or the Title IX Coordinator, the student may inquire or complain to any Department Chair or any officer of the College at the level of vice president or above, and such inquiries or complaints will receive a prompt and thorough investigation. If harassment is established, the College will discipline the offender. Disciplinary action for violations of this policy can range from verbal or written warnings to immediate termination from employment or dismissal from the College.

Victim Assistance Program

Crime Survivors is a victim's advocacy group in both Orange and Los Angeles Counties. The vision of Crime Survivors is for victims of crime to recover from their experience mentally, physically, emotionally, and financially by receiving the respect, support, and protection from law enforcement, the judicial system, and the community. They can be contacted at http://www.crimesurvivors.com

Fire Safety

Facilities Management and Operations are responsible for the safety of the college by mitigating potential fire hazards on campus. Prevention is accomplished through code compliance, coordinating inspections and maintenance of fire protection systems, and by means of educating and training the campus community. The Director of Facilities serves as a liaison between the Los Angeles Fire Department in matters of permits, inspections, and pre-incident planning.

The Higher Education Opportunity Act (HEOA)

The Higher Education Opportunity Act (Public Law 110-315) became law in August 2008. It requires all United States academic institutions to produce an annual fire safety report outlining fire safety practices, standards, and all fire-related on-campus statistics. The following public disclosure report details all information required by this law as it relates to Otis College.

Fire Protection Systems

The table below lists the fire safety systems in place at the residence hall at the Goldsmith Campus. The College does not own any off-campus housing.

On-Campus Housing	Fire Sprinkler System	Smoke Detector Monitored by Fire Alarm System	Single Station Smoke Alarms	Fire Drills Conducted
Residence Hall	Yes	Yes	Yes	2

Fire Drills

Campus-wide fire drills are conducted annually. The drills are coordinated by the Operations Manager and the Director of Campus Safety and Security, with participation by the Resident students. Drills are unannounced to students and occur at varying times and days. Resident and commuter students, and all Otis faculty and staff present on campus during the drill, are required to evacuate anytime a fire alarm sounds, and failure to do so is subject to conduct review. Please click the link for the 2026 Fire Drill Report.

Mandatory Annual Building Fire Life Safety Testing

In accordance with the Los Angeles Fire Department Chief's Regulation No.4 requirements, applicable sections of the National Fire Protection Association (NFPA) standards and other local fire and safety requirements, all Otis College of Art & Design buildings go through an annual fire test which includes, checking fire alarms, sprinklers, fire doors, Integrated communicator transmitter, automatic elevators, emergency exists, signage and lighting, fire panels, and emergency power generators. The test records are documented and kept in the facilities management office and can be accessed upon request.

Building Evacuations

All Otis community members should be familiar with the locations and use of all emergency exits, manual fire alarms, and fire extinguishers in their area. They are encouraged to know the identity of the Floor Warden/Resident Advisor and Residence Life staff for their area and work with them to map out a personal strategy to use in the event of a fire or other disaster.

Otis community members should ALWAYS treat every alarm as an emergency and exit the building immediately when an alarm sounds. They should evacuate using the nearest and safest stairwell and proceed directly to the predesignated emergency evacuation site. Do not use elevators.

In the Event of a Fire

Otis community members should immediately pull the nearest fire alarm as they exit the building. When evacuating, faculty, staff, and students should feel the doors with the back of their hand before opening them to ensure there is no fire danger on the other side. If smoke is present, they should use an alternate escape route. If it is necessary to enter a smoke-filled room or hallway, they should stay low, keep one hand on the wall to avoid disorientation, and crawl to the nearest exit, keeping their head low.

All evacuees should always use the emergency exit stairs and avoid elevators, as a fire can disrupt elevator operation and trap occupants inside. Once safely away from danger, they should call Campus Safety at 310-665-6965 or 911 and provide details of the fire. If someone becomes trapped during a fire emergency, they should close all doors between themselves and the fire, stuff towels into cracks around the doors to keep out smoke, wait at a safe window, and signal for help by hanging a white sheet from the window.

NEVER RETURN TO A BUILDING UNTIL TOLD TO DO SO BY A CAMPUS SAFETY OFFICER OR OTHER EMERGENCY RESPONSE PERSONNEL.

Health & Safety Inspections

At least twice a semester, the Residence Life & Housing staff conducts Health and Safety inspections. During inspections, if a room is found to have violations, action is taken to address those violations. Residents found in violation of College policies during these inspections are subject to conduct review and/or loss of current or future housing assignments.

Potentially dangerous items found during Health and Safety inspections may be confiscated and cannot be returned. Students found in possession of prohibited materials will be instructed to destroy or dispose of the item under the supervision of the campus safety staff and attending housing staff. Prohibited items include, but are not limited to, the following: *drugs*, *drug paraphernalia*, *weapons*, *alcoholic beverages*, *or containers and candles*. Student residents can find more information in the **Hallway Handbook**.

Fire Safety Training

Each year, the Operations Manager and Director of Campus Safety and Security conduct annual training for the residence life staff and all floor wardens across campus.

Fire Safety Training covers:

- Fire prevention
- Current trends and national statistics of fires and causes on college campuses
- Building evacuations and emergency preparedness
- Life safety systems
- Hands-on fire extinguisher training
- Other emergencies and prevention

Fire Safety training is available to all students, staff, and faculty and can be customized for particular departments.

Clery Definitions

1. MURDER AND NON NEGLIGENT MANSLAUGHTER
The willful (non-negligent) killing of one human being by another.

2. NEGLIGENT MANSLAUGHTER
The killing of another person through gross negligence.

3. AGGRAVATED ASSAULT
An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm. Simple assaults are excluded.

4. ARSON
Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle, or aircraft, personal property of another, etc.
Note that only fires determined through investigation to have been willfully or maliciously set are classified as arsons. Arson is therefore the only Clery Act offense that must be investigated before it can be disclosed. If other Clery Act offenses were committed during the arson incident, the most serious offense is counted in addition to the arson.

5. BURGLARY
The unlawful entry of a structure to commit a felony or theft. Attempted forcible entry is included.

6. ROBBERY
The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence, and/or by putting the victim in fear.

7. MOTOR VEHICLE THEFT
The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on the surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

8. SEX OFFENSES- FORCIBLE
The Clery Act has four defined sex offenses for which crime statistics must be collected on Clery geography. They are: rape, fondling, incest and statutory rape.

8A - RAPE
The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

8B - FONDLING
The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age and/or because of his/her temporary or permanent mental incapacity.

9. SEX OFFENSES- NON-FORCIBLE

9A. INCEST
Non forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

9B. STATUATORY RAPE
Non forcible sexual intercourse with a person who is under the statutory age of consent.

The Clery Act requires institutions collect statistics for violations of state law and or ordinances for drug, alcohol and weapons violations.

10. LIQUOR LAW VIOLATIONS
The violation of laws or ordinances prohibiting: the manufacture, sale, transporting, furnishing, possessing intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to a minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; and all attempts to commit any of the aforementioned. (Drunkenness and driving under the influence are not included in this definition.)

11. WEAPONS POSSESSION
The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; and all attempts to commit any of the aforementioned.

12. DRUG ABUSE VIOLATIONS
Violations of State and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include: Opium or Cocaine and their derivatives (Morphine, Heroin, Codeine); Marijuana; synthetic narcotics (Demerol, Methadone); and dangerous non-narcotic drugs (Barbiturates, Benzedrine). The Clery Act requires institutions collect crime statistics for hate crime associated with either the commission of a primary crime or the lesser offenses of larceny-theft, simple assault, intimidation, destruction of or vandalism of a buildings or property.

13. HATE CRIMES
A hate crime, also known as a bias crime, is a criminal offense committed against a person, property or society that is motivated, in whole or in part, by the offender's bias against a race, gender, religion, sexual-orientation, ethnicity, disability, gender identity or national origin. You must have a primary crime or one of the four new hate crimes and a bias to equal a hate crime.

14. LARCENY-THEFT
The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

15. SIMPLE ASSAULT
An unlawful physical attack by one person on another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

16. INTIMIDATION
To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or conduct, but without displaying a weapon or subjecting the victim to actual attack. Includes cyberintimidation if victim is threatened on Clery geography.

17. VANDALISM/DESTRUCTION AND DAMAGE
To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of the property.

18.HAZING
All acts of hazing as defined by this policy, by any individual student or sanctioned or promoted by any College registered student organization and any of its members or alumni are prohibited. Students are entitled to be treated with consideration and respect, and no individual may perform an act that is likely to cause physical or psychological harm to any other person within the College community. Accordingly, any such behavior is expressly forbidden when related to the admission, initiation, pledging, joining, or any other group-affiliation activity.

Violence Against Women Act (2013) Crimes

DOMESTIC VIOLENCE

A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

DATING VIOLENCE

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

STALKING

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (1) Fear for the person's safety or the safety of others; or (2) suffer substantial emotional distress.

- ***Course of conduct*** means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person's property.

- ***Substantial emotional distress*** means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

- ***Reasonable person*** means a reasonable person under similar circumstances and with similar identities to the victim.

Hazing

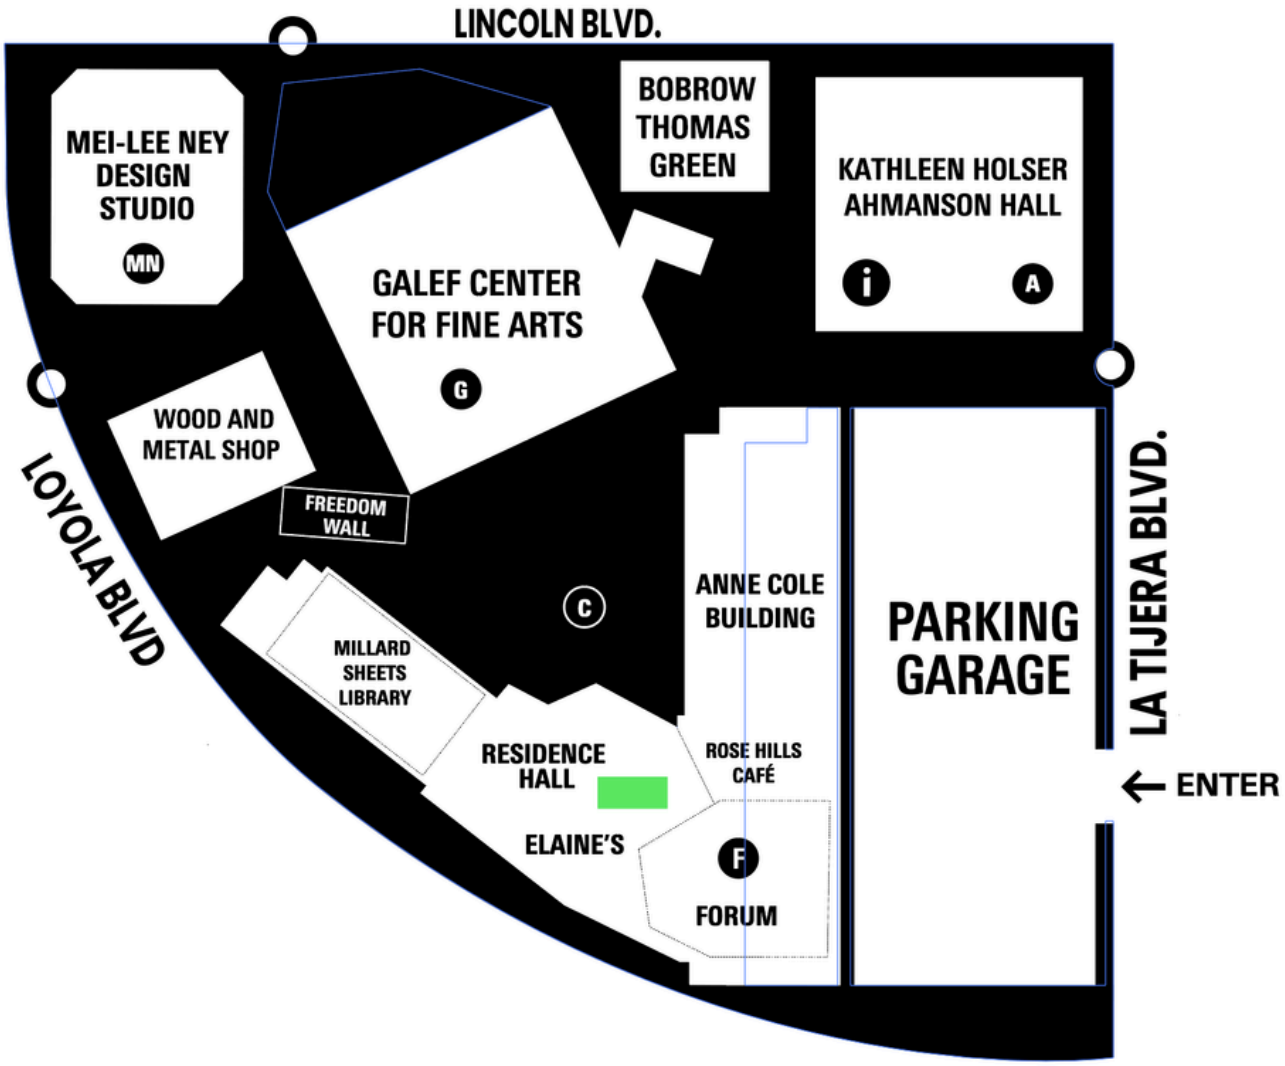

All acts of hazing as defined by this policy, by any individual student or sanctioned or promoted by any College registered student organization and any of its members or alumni are prohibited. Students are entitled to be treated with consideration and respect, and no individual may perform an act that is likely to cause physical or psychological harm to any other person within the College community. Accordingly, any such behavior is expressly forbidden when related to the admission, initiation, pledging, joining, or any other group-affiliation activity.

Otis College is committed to preventing hazing through ongoing education and awareness initiatives. All new students receive hazing prevention and awareness education during Orientation Week. These programs inform students about the College's prohibition of hazing, the physical and psychological risks associated with hazing behaviors, reporting options and resources available to students, and the potential disciplinary and legal consequences of participating in or condoning hazing activities. The College reinforces the expectation that all members of the campus community foster an environment of respect, dignity, and accountability.

Any student, faculty, staff, or organization found to be involved in any hazing activity will face conduct action and may be subjected to suspension or expulsion from the College. A violation of this policy may exist irrespective of any alleged voluntary or consensual participation in the activity by the person(s) being abused.
Hazing violations can be reported to the Dean of Student Affairs by going to Ahmanson 205 or emailing studentaffairs@otis.edu, or by submitting a Student Conduct Incident Report. Hazing violations are investigated through the Student Conduct process.

The law of California makes it a criminal offense for anyone to participate in hazing. Otis College policy is based upon the proposition that students are entitled to be treated with consideration and respect. Otis College regulations on hazing and reporting hazing are synonymous with state and federal law as follows (Calif. Penal Code §245.6; Section 485(f)(1)(F) of the Higher Education Act of 1965 (20 U.S.C. 1092(f)(1)(F)):
