

Advertising Design Minor

The Advertising Design minor provides students with the opportunity to explore the world of advertising, focusing on how ideas, people, places, and products are branded, packaged, marketed and sold to specific demographics. Students critically engage the intersections between graphic design and advertising, investigating campaign development, art direction, the role of ad agencies, as well as critical issues of ideation, interaction, and social responsibility. This minor includes studio courses in Advertising, Design, and Typography intended to connect students with the skills and process of creating successful campaigns. An Art History course and further electives contribute to an understanding of Advertising's place within a larger historical and cultural continuum.

Eligibility

The Advertising Design minor is open to students majoring in Communication Arts, Digital Media and Fine Arts. Because of their major curriculum requirements Architecture/Landscape/Interiors, Fashion Design, Product Design and Toy Design majors will only be approved to enroll on a case-by-case basis. Advertising Design minors may participate in the Communication Arts Department's senior show on a case-by-case basis with approval from the Department Chair. Students must maintain an overall 2.0 GPA.
