Abbot Kinney Boulevard

Afters Ice cream

Resources

Otis Woodshop (best resource)

Home Depot

Advice for New Students

My advice to a new student is to talk to people and try to make as many connections as possible. When you graduate in four years, you will have a lot of people to back you up, and a lot of connections for your future.

Favorite part about Otis

Otis is a small school so I have a close relationship with teachers and techs. They help make all my crazy ideas come true.
