

Landscape Design Minor

The Landscape Design minor offers introduction and practice in the materials and methods, design processes and communication tools (drafting, modeling, rendering and fabrication) utilized in the design of *spaces between buildings*, i.e. landscapes. In Studio I, students first learn to consider human occupation of and movement through forms and spaces. They learn how to design and describe three-dimensional spaces in technical drawings and models, both physical and digital (using *AutoCAD* and *Rhinoceros* software). *Technologies + Ecologies 1: Landscape Technologies* presents the materials and methods of landscape construction, which are considered in the design of two urban parks in Studio II.

Eligibility

The Landscape Design minor is open to students majoring in Communication Arts, Digital Media and Fine Arts. Because of their curricular requirements Fashion Design, Product Design and Toy Design majors will only be allowed to enroll on a case-by-case basis. Students must be on track in their major and in good academic standing, with no more than 6 credits behind and a cumulative GPA of 2.0. Landscape Design minors will be assigned a desk in the A/L/I studios during semesters of enrollment in an A/L/I course(s).

Required Courses

ARLI250	Studio I	4.0	(fall or spring)
ARLI252	Studio II	4.0	(spring or summer)
ARLI260	Technologies + Ecologies I	3.0	(fall or spring)
ARLI271	Digital Media II-A*	2.0	(fall or spring)
ARLI273	Digital Media II-B*	3.0	(spring or summer)

Total Credits

16.0

**Product Design majors may take PRDS271 Digital Design II in place of ARLI271 Digital Media II-A, and PRDS370 Digital Design III in place of ARLI273 Digital Media II-B. WAIVED*

Corequisites: concurrent enrollment in ARLI250 Studio I and ARLI252 Studio II.

See Architecture/Landscape/Interiors Department for Course Descriptions.

Each enrolled student will receive an individual Academic Plan that outlines how this minor fits into their major.
