

# Sustainability Minor

Recognizing the innovative role artists and designers can play in solving these pressing challenges, the Sustainability minor provides students with a broad understanding of the social, political, economic and environmental issues impacting the future of humanity and our planet. Students will study and develop strategies and systems, as applicable to art and design, which can meet the needs of current generations without compromising those of future generations. Courses fulfill requirements in Creative Action and Liberal Arts and Sciences, as well as electives across all studio departments.

## **Eligibility**

The Sustainability minor is open to all majors. Students must be on track in their major and in good academic standing, with no more than 6 credits behind and a cumulative GPA of 2.0.

## **Required Courses**

CAIL201	Human Ecology	3.0	(fall or spring)
NSCI305	Science and Sustainable Design	3.0	(spring only)
LIBS441	Sustainability Capstone*	3.0	(fall only)
	☉ Sustainability Electives	6.0	(any semester)

## **Total Credits**

**15.0**

*\*Fine Arts majors will take Sustainability Capstone in place of LAS Upper Division elective in order to also fulfill the Fine Arts Capstone/Senior Thesis requirement.*

*☉ A minimum of 6 credits of Sustainability Electives are required, including at least 4 studio credits. A limited choice of Creative Action, Liberal Arts and Sciences and Studio courses in each department and Continuing Education will count towards the Sustainability minor Electives, as determined each semester by the Interdisciplinary Studies Director and Department Chairs.*

*Look for this symbol ☉ next to course descriptions in the catalog to see which courses will fulfill the Sustainability Electives requirement.*

*See all majors, Creative Action and Liberal Arts and Sciences for Course Descriptions.*

**Each enrolled student will receive an individual Academic Plan that outlines how this minor fits into their major.**

\* These courses can be taken either fall or spring semester

Ⓢ A minimum of 6 credits of Sustainability Electives are required, included at least 4 studio credits. A limited choice of IL, LAS and Studio courses in each department and Continuing Education will count towards the Sustainability Minor Electives, as determined each semester by the Interdisciplinary Studies Director and Department Chairs - look for this symbol Ⓢ next to course descriptions in the catalog to see which courses will count. An Ⓢ on the Academic Plan indicates possibilities of where these courses will fit into your curriculum.

**STUDENT SIGNATURE OF AGREEMENT**

DATE \_\_\_\_\_

I agree to follow this recommended academic plan as advised by the Interdisciplinary Studies Program, in collaboration with LAS and my major department, and understand that any unadvised deviations to this plan may result in my inability to graduate on time.
